

# DiscourseNet

International Congress #1

Discourse: Language,  
Society, Critique

24-26 September 2015

University of Bremen, Germany

Dear colleagues,

Welcome to the 1<sup>st</sup> DiscourseNet congress in Bremen! We are delighted to host you for this event which is the first of a series of international and interdisciplinary conferences in Discourse Studies.

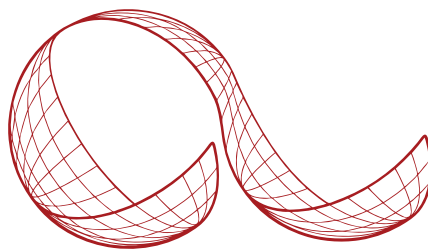

DiscourseNet is a network in which discourse researchers have come together with different disciplinary backgrounds and interests. Initiated by Johannes Angermüller with Martin Nonhoff and many others in 2007, DiscourseNet regularly organises meetings, workshops and conferences. Until 2014, DiscourseNet activities centred around two major publication projects: a 1300-page Handbook and a Dictionary of Interdisciplinary Discourse Studies with 550 entries, covering the broad ranges of currents, problems and concepts in the interdisciplinary field of Discourse Studies (in German). You will have a chance to browse through these publications during the book presentation on 24 September at 6pm.

Through Daniel Wrana's programming efforts, DiscourseNet has helped launch <http://www.discourseanalysis.net> – a multilingual platform which has attracted over 4000 users from all over the world. From the beginning, DiscourseNet has included members from many different European countries. And in the last few years our activities such as our yearly international PhD summer schools have reached beyond the German-speaking world. We will discuss future DiscourseNet projects just after this conference on 26 September, 3pm-6pm. Please join us and take part in the DiscourseNet future!

The DiscourseNet #1 Congress is evidence of these developments, which have gone beyond individual efforts and testify to a new field emerging at the intersection of language and society. With DiscourseNet #1 Congress, we want to bring together the different tendencies in this field and to invite them to a productive dialogue. We wish you three stimulating days, many pleasant encounters and we hope that some of you will join us for future DiscourseNet projects.

Our special thanks goes to a fantastic team that made this conference possible: David Adler, Peter Arnhold, Johannes Beetz, Inken Behrmann, Sixian Hah, Julian Hamann, Jan Krasni, Kyoung-Mi Kim, Robin Koss, Nataša Matović, Jens Maeße, Yannik Porsché, Ronny Scholz, Andreas Schindel, Jaspal Singh, Kelly Weleschuk, Daniel Wrana.

## **SOCIALISING, FOOD & DRINKS AND MISCELLANEOUS INFORMATION FOR THE CONGRESS**

### **Getting around in Bremen by tram**

The best way to commute between the city centre and the campus is tram line no. 6, which goes from the Airport to the University. On its way, it stops, among others, at the main train station and at the city centre (tram stop “Domsheide”). From the University to the train station, it approximately takes 15 minutes, to the city centre 20 minutes, to the airport 30 minutes.

In your conference material, you will find one single ticket that you can use for transfer on Friday evening (for city tour and/or conference dinner). You can buy additional tickets on the tram. Or you can buy booklets of four or of ten tickets for a somewhat cheaper price at the BSAG kiosk at the big tram stop just in front of the main train station.

Coming from the city centre to the University campus, you best get off at “Universität/Zentralbereich”.

### **Reception on Thursday, 24 September (18:30-19:30)**

On Thursday evening, we'll have a small opening reception in room GW2 B3009 (the room with the welcome desk). Come around for a glass of wine to chat and relax.

### **Dinner on Thursday, 24 September**

Please organise this evening's dinner individually. You might refer to the maps and restaurant/bar recommendations in this programme.

### **Lunch on Friday, 25 September (12:30-14:00)**

The lunch on Friday will be served free of charge in the university canteen situated at the far end of the Boulevard (far in relation to the Congress rooms). It's a five minute walk. You will be able to pay for lunch with the green voucher included in the conference material. The voucher covers a main dish, a dessert and a beverage. The voucher can be used at all checkouts except for the one called “Barkasse” (here you would have to pay in cash).

### **Transfer to the City Centre on Friday, 25 September (ca. 18:00 or ca. 19:00)**

On Friday evening, an optional guided city tour and the Congress dinner will take place in the city centre. For either occasion, you should travel to the city centre individually with tram line no. 6 (direction Flughafen/ Airport) from the tram stop “Universität Zentralbereich” and best get off at tram stop “Domsheide”; it's a ride of approximately 20 minutes.

If you want to take part in the guided city tour (see below), you should catch the tram at around 18:00 (trams leave at 17:51, 17:57, 18:03). If you leave later, you will probably miss the tour. From “Domsheide” station to the starting point of the tour, follow the directions on the map you receive once you register for the tour.

If you don't participate in the city tour, you should catch the tram around 19:00 for the conference dinner. See map on page 14 for directions from “Domsheide” station to the restaurant; it's a three minute walk. Regardless of the time you travel to the city centre, you can use the tram ticket that you'll find in your conference materials.

### **Guided Tour of Bremen City Centre on Friday, 25 September (18:30-19:30)**

We will offer a one hour guided tour of Bremen City Centre on Friday between 18:30 and 19:30. If you'd like to participate you need to register for the tour at the welcome desk in Room B3009 until Friday, 14:00 (the number of participants is limited to 50). The tour will start from Marktplatz just in front of the Bürgerschaft of Bremen (parliament building). When registering, you will get a map that shows you the way from “Domsheide” tram station (city centre) to the starting point at Marktplatz. For transfer, see above. Please be on time for the tour, we won't be able to wait.

### **Conference Dinner on Friday, 25 September (19:40)**

We would like to invite you to the Conference Dinner on Friday at 19:40 at the restaurant “Friesenhof”

in the city centre of Bremen (the address is: Hinter dem Schütting 12-13, see also the map of the city centre). The Restaurant will offer a buffet. The first two beverages are included in the price. Please use the two red vouchers for your first two beverage orders. All drinks exceeding your second drink will have to be paid for by yourself. For transfer, see above.

**Lunch on Saturday, 26 September**

If you stay after the closing of the Congress (for example, in order to participate in the DiscourseNet meeting Saturday afternoon), there is an opportunity to have lunch at Café Unique on campus. You should have registered online for that beforehand, however, since they open their doors only for us and prepare food only for the number of guests we told them would come. Please talk to the Congress staff if you're unsure whether or not you have registered. This lunch is not included in the Congress fee (each guest will have to pay 10-15 Euros, depending on drinks).

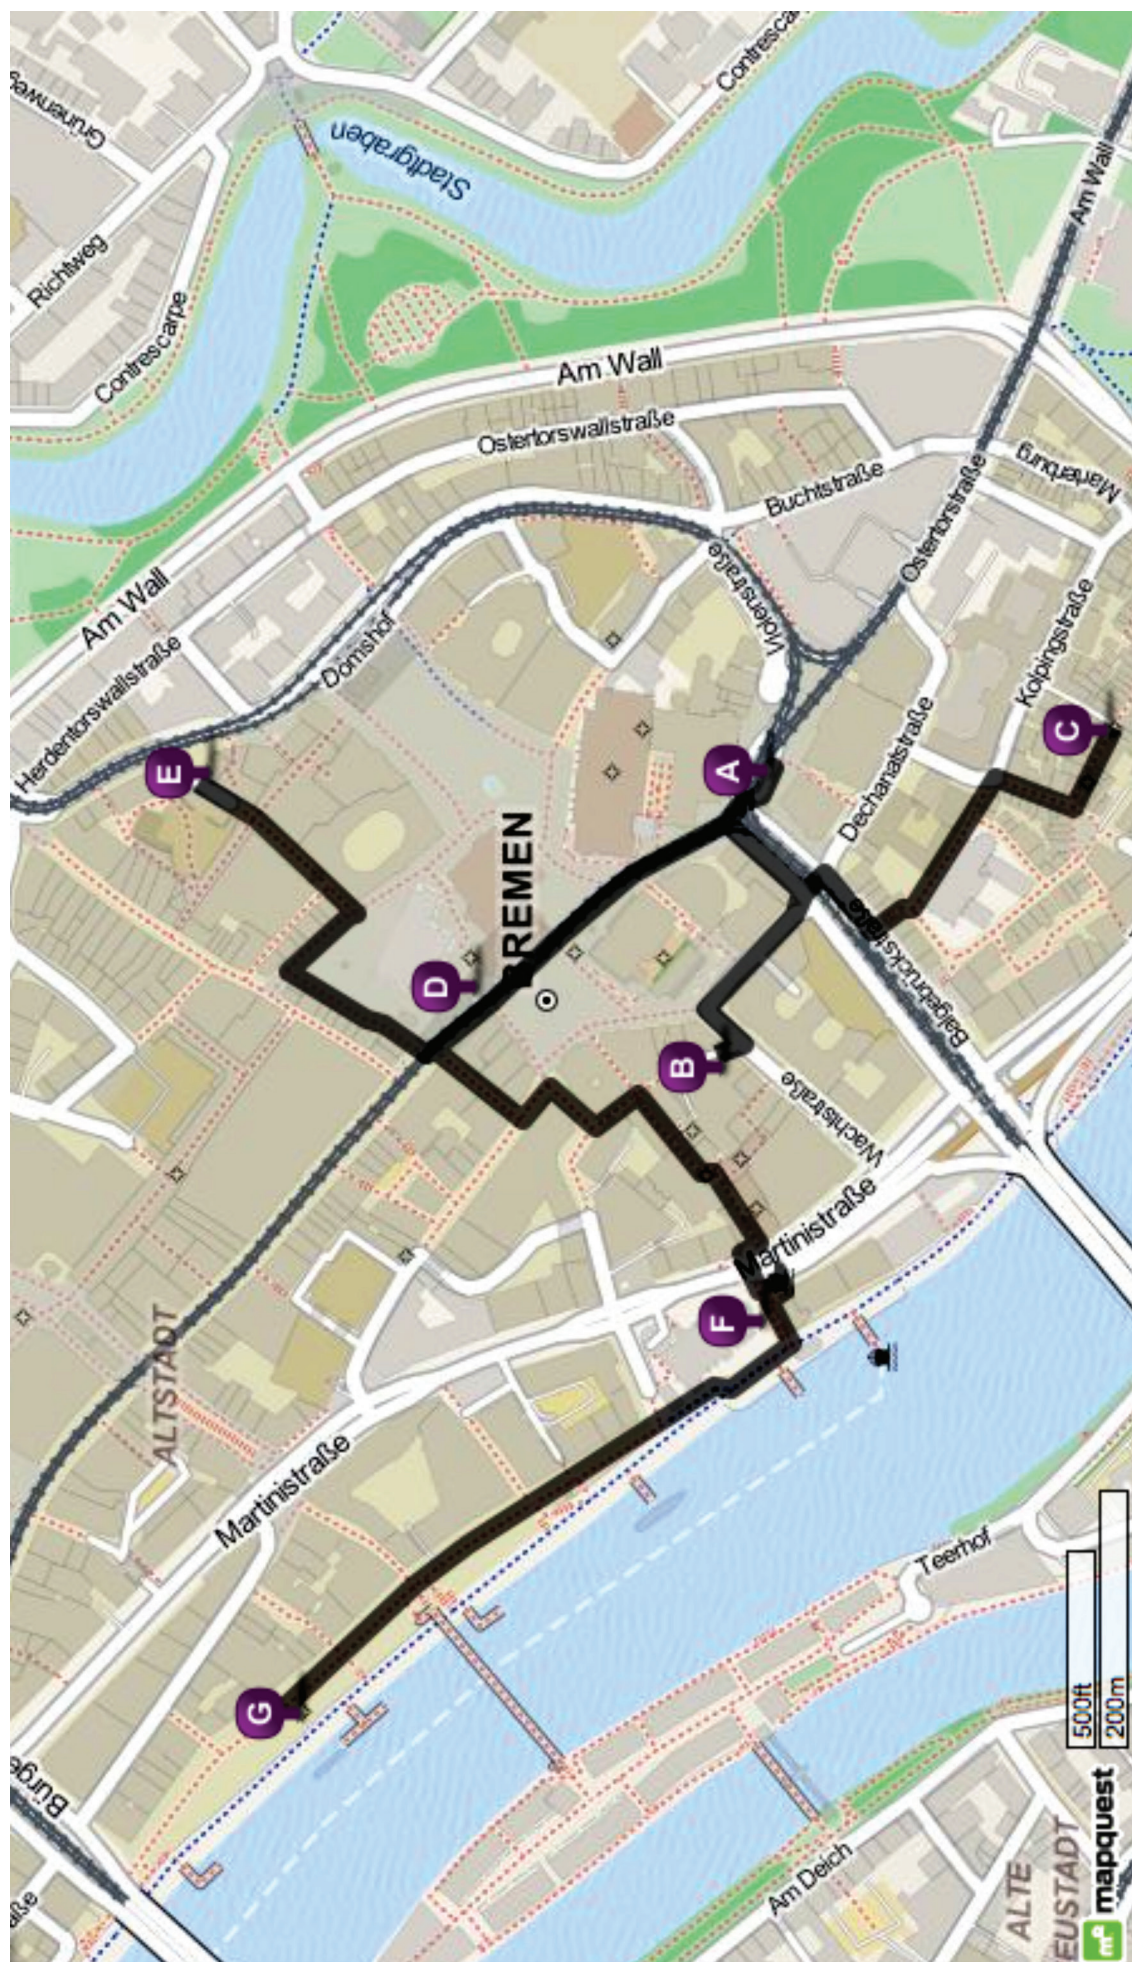

**Internet**

You can access the Wifi of the University of Bremen via eduroam. If you do not have an eduroam connection on your laptop we will be happy to provide you with a guest account at the welcome desk in Room B3009.

# THE VIERTEL

"Das Viertel" (the quarter) is what locals call Bremen's Ostertor and Steintor districts. Just a few minutes' walk from the city centre, this is the most colourful and bohemian area of Bremen.

Popular for kitsch entertainment and the arts, theatres and museums, it offers a cosmopolitan flair and diverse, offbeat nightlife. There are lots of bars, restaurants and pubs and no closing time, so you can easily party till dawn ([bremen-tourism.de](http://bremen-tourism.de)).

You can reach the area by first taking the tramline 6 to central station where you have to transfer to tramline 10 to Sebaldsbrück and get off at Sielwall. Another way would be to take the tramline 6 to Domsheide and then transfer to line 2 or 3.
